HELIO RETENTION LANYARDS

CONNECTORS

PLUNGER PIN SHACKLE (FP-2999)

Oversized, black oxide shackle (non-reflective). A pull tag quickly releases the user from the anchor point, even when under pressure in the event that a speedy exit is necessary. The plunger pin is pinched to ensure that in the event of the retaining ring being broken, the pin will not go through and open the shackle. The ring is welded to prevent separation from the ring and plunger pin.

TUDOR SNAP HOOK (FP-8001B)

Lightweight aluminum snap hook with captive eye to prevent cross loading of the gate. Double locking gate locks automatically and is easily operated with one hand. Super lightweight and easy to use for quick tie in, smooth gate prevents wear on ropes and harnesses. Meets ANSI Z 359.1.

AZTEC STEEL CARABINER (FP-9001B-P)

Pear-shaped, alloy steel carabiner is strong and durable. Its reinforced captive eye pin keeps rope or webbing from slipping. Ideal for multiple uses with its auto-locking gate and generous opening. Black. Meets ANSI Z 359.1 standards.

LANYARD

LENGTH

Available in 2', 4', 6' or adjustable lengths. The adjuster buckle adjusts easily yet locks tight under tension. MBS of over 4,000lbs.

1 INCH TUBULAR WEBBING

Mil Spec 5625 tubular webbing. This lanyard achieves a 4000 LB breaking strength.

STITCHED NYLON LOOP

Perfect for clipping onto any connection point.

TACTICAL HARNESS

At Fusion, we manufacture all of our harnesses in our shop which is located in Chino, California. By keeping the manufacturing in-house, we are and we have been able to quickly make custom harnesses and modifications to our existing harness designs. Through this process, we have also learned what works and what doesn't for a wide variety of industries. We have spent years working with our customers and working in the field ourselves to refine our products. We strive to provide you with the best!

IN-HOUSE PRODUCTION

BECAUSE OUR LINE OF BELTS ARE FULLY DESIGNED AND MANUFACTURED IN OUR SOUTHER CALIFORNIA FACILITY, WE CAN CUSTOMIZE VIRTUALLY ANY COMBINATION OF BUCKLES, COLORS, BELT WIDTHS, SIZES, AND ESCAPE LOOPS. WE CAN EVEN ADD LEG LOOPS TO A CUSTOMIZED BELT POUCH SO THAT YOUR BELT TURNS INTO A RAPPEL HARNESS IN A MATTER OF SECONDS!

CONTACT YOUR FUSION REPRESENTATIVE SHOULD YOU NEED ANY OF OUR EXISTING BELT DESIGNS CUSTOMIZED TO FIT YOUR SPECIFIC NEEDS

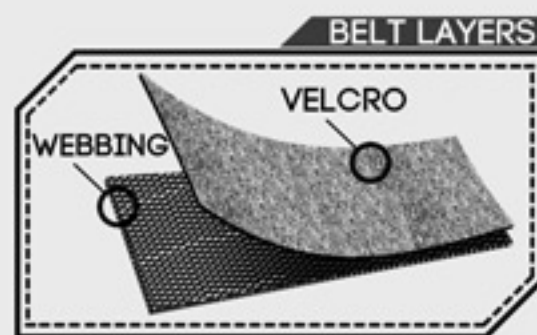

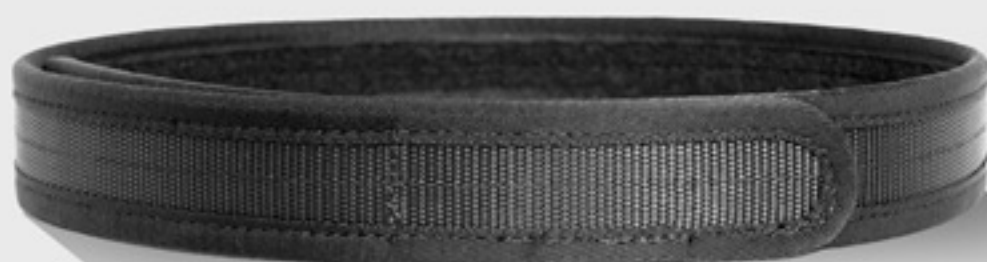

TROUSER BELT

MADE OUT OF 1.5" COATED MIL-SPEC TYPE 13 WEBBING AND EQUIPPED WITH OR WITHOUT A 1" RAPTOR ALUMINUM QUICK RELEASE BUCKLE. THESE BELTS ARE DESIGNED TO FIT THROUGH MOST PANT LOOPS (EVEN JEANS!) YET ARE STRONG ENOUGH FOR TACTICAL USE.

ORIGINAL - COMFORTABLE AND SIMPLE

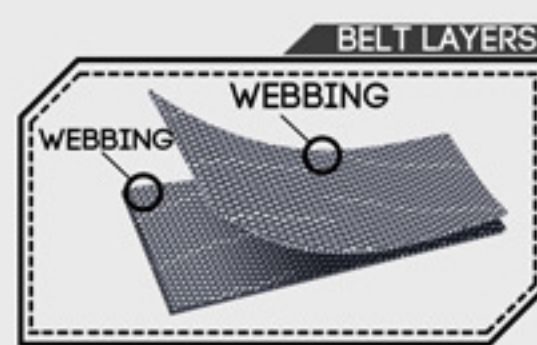

THIS IS THE ENTRY LEVEL CS EDITION OF THE FUSION INNER LINER BELT. IT OFFERS MEDIUM STIFFNESS WITH NYLON WEBBING ON THE OUTSIDE AND LOOP LINING ON THE INSIDE. THE ENTIRE BELT HAS SEWN BINDING THAT ADDS COMFORT FOR LONG HOURS OF WEAR WITHOUT SHEAVING TO YOUR HIPS. IT COMES ON AND OFF EASILY WITH HOOK AND LOOP ENCLOSURE.

IMPACT - LIGHT AND LOW PROFILE

THE LATEST FROM THE FUSION TROUSER BELT COLLECTION, THE IMPACT EDITION HAS A CLEAN APPEARANCE AND IS MADE WITH A QUICK RELEASE ALUMINUM RAPTOR™ BUCKLE THAT IS 1,100+ LB RATED. THIS ALLOWS FOR EASY, ONE HANDED OPERATION. THE RESIN TREATED SINGLE LAYER WEBBING HELPS TO STIFFEN THE WALLS, YET STILL KEEPS THE BELT LIGHT AND LOW PROFILE. THE 1.5" WEBBING ALLOWS THE USER TO EASILY PASS THE BELT THROUGH TO YOUR BDU'S OR PANTS. THE FLEXIBILITY IS AMAZING ON THIS BELT, WITHOUT GIVING UP DURABILITY FOR DAILY USE.

TITUS - FLEX AND TOUGH

THE TITUS IS HERE, THIS FUSION TROUSER BELT IS THE ULTIMATE GO TO BELT FOR BOTH LASTING WEAR, AND COMFORT, ALL IN ONE BELT. THE FT EDITION OF THE FUSION TROUSER BELT IS CONSTRUCTED WITH 2 LAYERS OF MIL-SPEC WEBBING, INCORPORATED WITH A QUICK RELEASE RAPTOR™ BUCKLE FOR EASY ON AND OFF OPERATION. IT ALLOWS THE USER TO PASS THE BELT THROUGH THE BELT LOOP WITHOUT REMOVING THE BUCKLE. THE DUAL LAYER MIL-SPEC WEBBING OFFERS SUPPORT WITHOUT GIVING UP THE FLEXIBILITY FOR THE WEARER.

ERA - TOUGH AND DURABLE

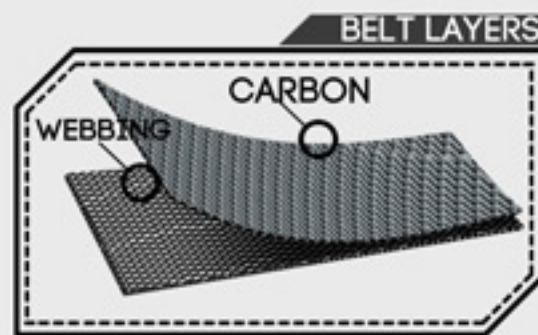

AVAILABLE IN

THE TD EDITION OF THE FUSION TROUSER BELT IS CONSTRUCTED WITH 2 LAYERS OF MIL-SPEC WEBBING, INCORPORATED WITH A QUICK RELEASE RAPTOR™ BUCKLE FOR EASY ON AND OFF OPERATION THAT ALLOWS THE USER TO PASS THE BELT THROUGH THE BELT LOOP WITHOUT REMOVING THE BUCKLE. THE BASE OF THE BELT USES 1.5" MIL-SPEC WEBBING, WITH AN ADDED TOP LAYER OF 1" STIFF MIL-SPEC WEBBING FOR ADDED SUPPORT WITHOUT SACRIFICING THE FLEXIBILITY OF THE BELT. THIS IS THE ULTIMATE TROUSER BELT FOR CARRYING YOUR CONCEALED WEAPON WITHOUT SAGGING OF THE BELT.

ELITE – TECH AND DURA-FLEX

THE ELITE FUSION TROUSER BELT IS THE FIRST OF ITS KIND. DON'T BE FOOLED BY THE REFINED FINISH; THIS BELT IS NOT JUST ABOUT THE APPEARANCE, IT ALSO OFFERS PERFORMANCE ALL IN ONE BELT. THE OUTER LAYER IS CONSTRUCTED OF VINYL WITH CARBON FIBER PRINT. THE BASE LAYER USES A MIL-SPEC TYPE- II 5000 LB RATED WEBBING WITH RESIN TREATMENT FOR MEDIUM STIFFNESS. THE ENTIRE BELT'S EDGE HAS NYLON BINDING FOR ADDED COMFORT AND DURABILITY FOR EXTENDED USE AND IS EQUIPPED WITH A 1" RAPTOR™ ALUMINUM QUICK RELEASE BUCKLE. IT IS ADJUSTABLE FROM THE INSIDE TO SHOW A CLEAN EXTERIOR. HAND CRAFTED IN THE USA.

NOBLE - EXCLUSIVE AND DURABLE

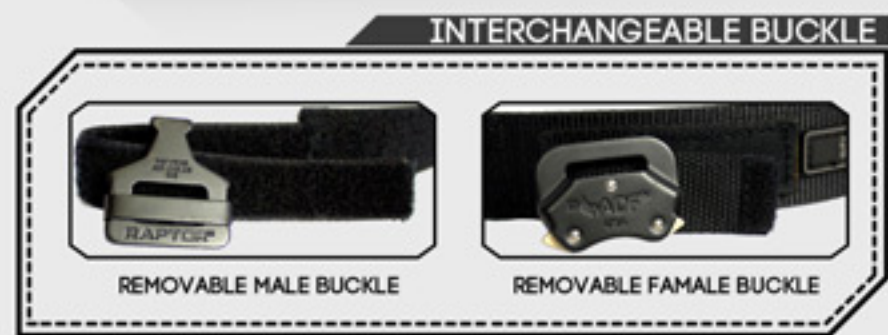

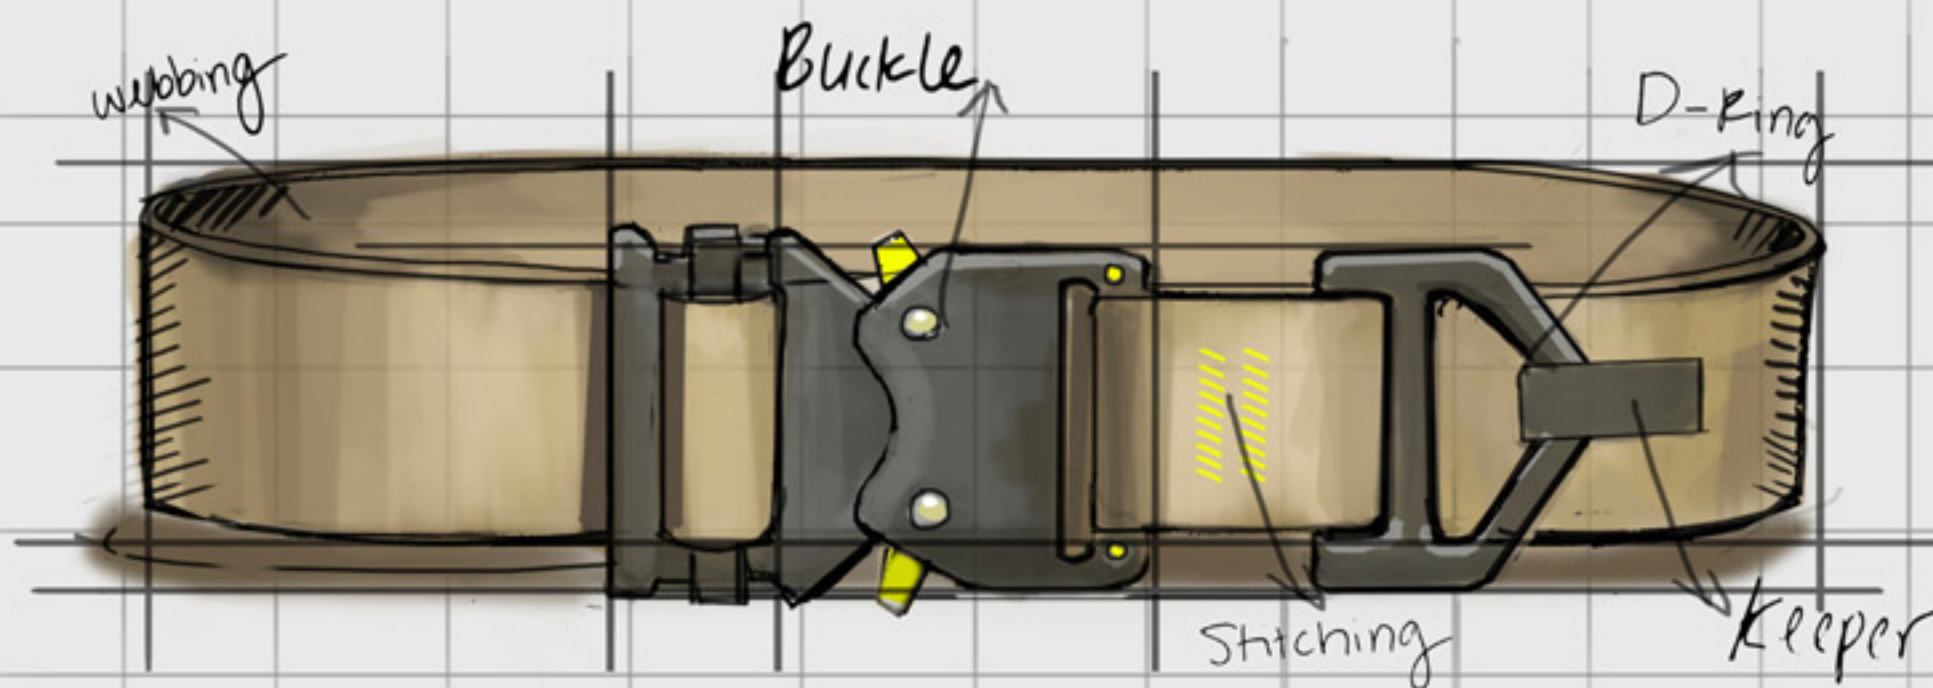

THE NOBLE BELT HAS A HEAVY DUTY BASKET WEAVE NYLON GRANITE THAT LOOKS LIKE LEATHER BUT WEARS LIKE GRANITE WHICH WILL OUTLAST LEATHER AND WILL RETAIN ITS SHAPE LONGER. THIS BELT COMES WITH LOW PROFILE BUCKLE THAT IS MADE WITH STRONG ALUMINUM QUICK RELEASE BUCKLE WITH HIGH BREAKING STRENGTH OF 12KN (2,000 LBS) AND IS MADE OF 2" WIDE NYLON THAT IS EDGE PADDED FOR COMFORT. BELT CAN BE ADJUSTED LARGER OR SMALLER WITH THE VELCRO TABS AND THE LOOPS WILL HOLD THE VELCRO IN PLACE. THE BUCKLE FASTENS SECURELY AND REMOVES WITH THE PUSH OF 2 STAGE TABS ON BOTH SIDES WHICH MEANS YOU WILL NOT HAVE ANY ACCIDENTALLY DISENGAGING OF THE BUCKLE.

EXO – INTERCHANGEABLE BELT KIT

THIS VERSATILE DIY BELT PACK COMES STANDARD WITH ONE BLACK RAPTOR QUICK RELEASE BUCKLE AND 3 OF OUR MOST POPULAR COLORS OF BELTS: BLACK, COYOTE BROWN, AND FOLIAGE GREEN. THE BELT PACK IS DESIGNED FOR THE USER TO HAVE THE ABILITY TO MIX AND MATCH THE COLOR BELT TO THE UNIFORM OF THE DAY. WITH A DOUBLE LAYER OF MIL-SPEC WEBBING AND ITS EXTREME VERSATILITY, THIS BELT PACK IS PERFECT FOR THE EVERYDAY USER.

RIGGER'S BELT

MADE OUT OF TWO LAYERS OF 1.75" COATED MIL-SPEC TYPE 13 WEBBING AND EQUIPPED WITH ONE OF 4 DIFFERENT BUCKLE OPTIONS. 5 ROWS OF STITCHING REINFORCE THE STIFFNESS OF THE BELTS. THESE ARE DESIGNED FOR RIGGERS AND ARE CONSIDERED 2ND CHANCE RAPPELLING DEVICE!

APEX STEEL BUCKLE

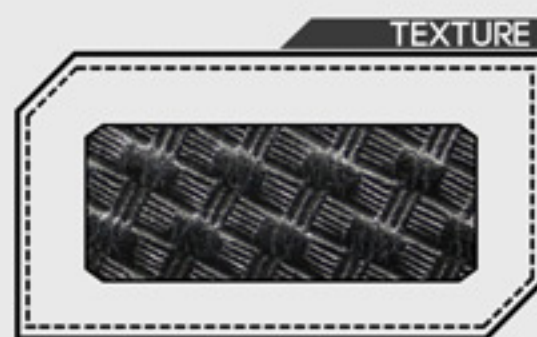

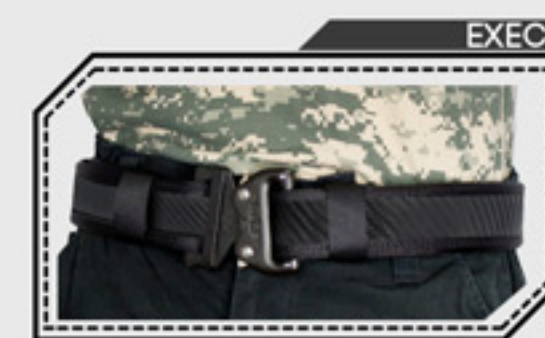

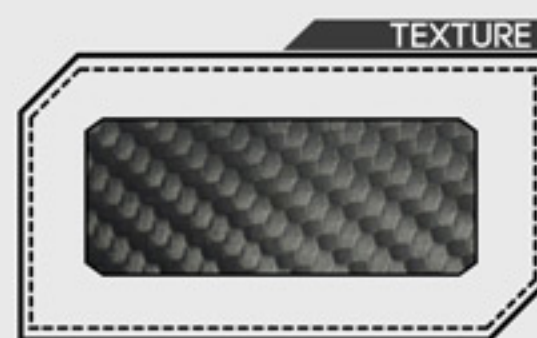

PATROL BELTS

CAN BE MADE OUT OF 1.5", 1.75", OR 2" WIDE COATED MIL-SPEC TYPE 13 WEBBING AND EQUIPPED WITH THE USA MADE RAPTOR ALUMINUM QUICK RELEASE BUCKLE. THESE BELTS ARE DESIGNED FOR PATROL OFFICERS OR TACTICAL USE BECAUSE OF THE VELCRO LINING ON THE INSIDE. THE BINDING AT THE EDGES GIVE A REFINED FINISH TO MATCH WITH ISSUED UNIFORMS AND COMPATIBLE WITH MOST HOLSTERS!

Fusion Mission Statement

Fusion is passionate about providing the highest level of quality, integrity, customer service, and value to all of our customers while dedicating our efforts and positive energy towards professional knowledge, positive satisfaction, promptness, friendliness, respect, and mutual success. We only manufacture products that we stand behind and that we use ourselves.

Furthermore, our success is based on earning the satisfaction and respect of our customers on top of the positive attitude and pride of our employees. We aim to guide, protect, and train our employees while providing a pleasant working environment. We treat each other, our products, and customers with respect, care, and dignity.

We constantly strive towards providing you with the best!
