

Rothco EMS Trauma Backpack

Rothco's EMS Trauma Backpack offers ample storage options for your medical supplies in an easy to carry pack. The trauma bag features one large main compartment with tons of storage options including several interior pockets, pouches and elastic loops for pens and additional medical supplies. The backpack also features external mesh pockets on the front and side of the pack. In addition, the bag features reflective stripping, ID holder on the side and has a screened white cross on the front. Ideal for emergency medical personnel or first aid kit.
